One point perspective- a room into another world

Inspired by Del Kathryn Barton

Your instructions....

1. Using the mythical/ magical use of symbols, shapes, colour and line work of Del Kathryn Barton as inspiration, you need to draw up 3 thumbnail sketches of One Point Perspective hallway, like a hallway into another world. Annotate your drawings, that is tell me what is in the drawing, what you were thinking, do you think it is your best idea.
2. Once you have selected your best drawing, show Selina and then you can work on A3 cartridge paper for your final. For this piece you may choose to work in graphite, coloured pencil, markers and water, inks and fineliners.

You may need to practise drawing in perspective a few times before you get it right. That is how you get better at things, so keep trying.
